Someone's using me as leverage against my family. I was your average citizen, innocent of any crime worth going to prison for, and yet here I am. But this isn't a regular prison ship. *Torture.* Experiments. They alter me. And when the ship crashes on an alien planet, some of my new abilities come in quite handy--it's the side effects that aren't entirely welcome. Not by me, anyway. The tribe of aliens that have taken me captive? They don't seem to mind. ~The Valos of Sonhadra series is the shared vision of nine sci-fi and fantasy romance authors. Each book is a standalone with a guaranteed Happy Ever After and can be read in any order. ~**Note: Explicit content, sexual situations, and language warning. 44K word novel.

They can't break me. I wasn't prepared for what came after I got arrested and sent to prison. Finding my sister in that hellhole should've been easy. I wasn't prepared to survive an alien planet straight out of a prehistoric nightmare. Facing my fears to withstand the creatures that wanted to eat me, and the four alien men that watched me like a morsel they wanted to sink their teeth into... I wasn't prepared for any of it. But I sure as hell wouldn't let it break me. ---This story contains a reverse harem (m/m/f/m/m) of fish-man, element wielding, alien heroes, mature content, violence, and probably too much language! Despite the shelter her adoptive parents have provided her entire life, Nina's psychic abilities have always hung over her like a shadow. The very powers that should give her strength have driven her to isolate herself. But lately, her craving for companionship -- a mate -- has become stronger than her fear. One foolish decision puts her life at great risk. And also provides a wondrous discovery...Aduun, Vortok, and Balir have existed in a state of constant rage and ravenous hunger for centuries, locked away in the beastly forms that were forced upon them. Their only thoughts were of revenge on their Creator -- until a mysterious female falls into their underground prison, restoring their heartstones and their sanity. They know nothing about her, yet she may be their only chance at reclaiming their freedom. Unable to deny their intense attraction, they set out together to escape their Creator's trap and rescue their lost people. Can they keep Nina safe and persevere in a world designed to destroy them?----- *The Valos of Sonhadra series is the shared vision of nine sci-fi and fantasy romance authors. Each book contains their own Happy Ever Afters, and can be read in any order.

When the penitentiary ship she's incarcerated in gets sucked into an anomaly, Lydia barely survives the crash onto an alien planet. Only the sadistic experiments performed on her by the prison's scientist allow her to survive this harsh and dangerous world. The future looks grim until she stumbles upon a magnificent city of ice and its most unusual inhabitant. Kai is fascinated by the delicate stranger fallen from the stars with the power to bring his hibernating city back to life. She stirs emotions long forgotten by his frozen heartstone. Can she be the salvation of his people or will the trap set by the Creator bring about their collective doom?

They say crime doesn't pay . . . but what if it's done in the name of love? Being left behind by my boyfriend and getting arrested wasn't part of the plan. Neither was becoming a test subject for a mad scientist, a crash landing in the prison spaceship, and then struggling to survive in a deadly alien jungle. I could have paid with my life, instead, I was given two incredible reasons to love again, and this time the thing I need to do is to hold on to them. Love condemned me, now it's the only thing left that can save everything I hold dear. Simply enduring is no longer enough. I want to truly live. The Valos of Sonhadra series is the shared vision of nine sci-fi and fantasy romance authors. Each book is a standalone, containing its own Happy Ever After, and can be read in any order.

Warning: Enduring is a FMM sci-fi romance that contains graphic descriptions of intimacy. Intended for mature readers.

The fate of his people rests in her hands. When the penitentiary ship she's incarcerated in gets sucked into an anomaly, Kira barely survives the crash onto an alien planet. Along with a handful of survivors, she finds refuge in The City in the Caldera alongside its Fire Valos inhabitants. But the sadistic experiments performed on her by the prison's scientist make the heat intolerable for her. When the opportunity to go to the frozen city of E'Lek presents itself, Kira believes she'll finally be at peace. Duke is confused by the strange human female. Like him, she's cold, made for the icy lands of the Northern Valos. Her resemblance with the Creators and questionable friendship with a human hated by his people raises their collective suspicions. Yet, only she could save their lost tribes condemned to an eternal slumber. As his heartstone warms for her, Duke is determined to prove to the rest of the tribe that beneath her frozen exterior hides a compassionate female. His female.

Yahiro never thought she would end up in prison. Let alone on a prison ship where escape was impossible. But none of that mattered anymore because while she was curled up in the corner of her cell, the lights went out. And when they turned back on it was worse. Ending up on a planet--one so different than Earth--greeted by the screams of those who were injured in the crash and the corpses of those who didn't make it, she sets off with the survivors in hopes of finding a way home. What she finds instead are three golden aliens that won't let her out of their sight, a city on the back of a giant beast, and a ghost world that will never let her leave.--Book five in the Valos of Sonhadra series. Warning: this is a reverse harem and intended for mature readers only, expect explicit scenes, and violence
