This is a tale of friendship, greed, and betrayal in the music industry—and a definitive history of America's biggest rap mogul. No one knows more about creating hits than Sean “Puffy” Combs. For years he virtually ran hip-hop. It seemed the perfect arrangement: “Puffy” provided the sounds and obsessive attention to detail while the Notorious B.I.G. promoted an image that kept rap fans happy. It should have lasted forever, but “Biggie” was murdered at the height of his career—and “Puffy”’s ascension to superstardom ushered in an age of disloyalty and deception that exploded into one of the greatest debacles in the history of the music industry. Through interviews with label insiders, grand jury testimony, and other sources, America's preeminent rap journalist Ronin Ro -reveals the true story of “Puffy” -addresses the larger issues that shaped the man and the industry -explains how Bad Boy both helped and destroyed hip-hop and R&B music -details why some artists “Puffy” created ultimately left his Bad Boy family in disgust. At once an intimate history and a portrait of an era, Bad Boy shows readers exactly how Combs lost his strangle-hold over the multibillion-dollar rap music industry. The story of Bad Boy Entertainment is the story of the American Dream, an up-close and personal account of the people, the money, the creative process that made it all come true, and the young mogul who caused the dream to fall apart. In this hip-hop tragedy of Shakespearean dimensions, readers finally learn the story that Sean “Puffy” Combs does not want them to know.

"Dolvett offers a dieting trifecta: easy, effective, and friendly to cheaters. He helps trick your metabolism into cooperating with his rapid weight loss formula for success." --Mehmet Oz, M.D. Want to finally lose

the weight and keep it off? Want to be able to eat the foods you love? Reaching your goals can only happen when you don't feel deprived and you continue to stay motivated. Now, celebrity trainer and star of the hit reality series *The Biggest Loser*, Dolvett Quince, tells you how to do all of that and more in his revolutionary program, *THE 3-1-2-1 DIET*. This 21-day program works by manipulating your body's natural tendency to slow its metabolic rate in response to calorie restriction. It takes a new approach to getting lean—one scientifically based on changing up food and calories to tap into your body's potential to burn fat. This unconventional plan results in greater muscle and less fat than any other diet you've ever tried. Dolvett's effective eating plan is as easy as 3-1-2-1: three days of clean eating, one day of cheating, two more days of clean eating, and one final reward meal at the end of the week. No foods are off limits and you will never feel deprived because the plan is flexible enough to fit into any lifestyle. You'll lose weight fast—10 pounds or more in just 21 days—and you won't plateau. Dolvett's simple meal plans and delicious, easy-to-prepare recipes, together with his fast and effective workouts that combine cardio and body-shaping moves, will have you back in your skinny jeans in less than three weeks!

Blake Mitchell knows a bit about enough things and a lot about a few. While the teenager is unsure of which direction to take in life, he's aware the road he's on is a direct route to desolation. Being outed as bisexual in the bluegrass state is alienating, and the events to follow are worse. Still, Blake is driven—by any means necessary—to make something more of himself. Identifying an opening, Blake paves a path and finds *His Own Way Out*.

Outdoor erotic photography at its best. Corbin Fisher presents these young, tight-bodied heterosexual blokes in erotic encounters without any unnecessary ornamentation. The men are well built, sexy, and simply themselves. Required reading! for all fans of authentic heterosexual amateurs in action - whether the models are out and about, alone in the shower, or having a tender intimate moment with another man!

The previously untold stories of the life of the leading subject in David France's *How To Survive A Plague*, Peter Staley, including his continuing activism In 1987, somebody shoved a flyer into the hand of Peter Staley: massive AIDS demonstration, it announced. After four years on Wall Street as a closeted gay man, Staley was familiar with the homophobia common on trading floors. He also knew that he was not beyond the reach of HIV, having recently been diagnosed with AIDS-Related Complex. A week after the protest, Staley found his way to a packed meeting of the AIDS Coalition To Unleash Power—ACT UP—in the West Village. It would prove to be the best decision he ever made. ACT UP would change the course of AIDS, pressuring the National Institutes of Health, the FDA, and three administrations to finally respond with research that ultimately saved millions of lives. Staley, a shrewd strategist with nerves of steel, organized some of the group's most spectacular actions, from shutting down trading on the floor of the New York Stock Exchange to putting a giant condom over the house of Senator Jesse Helms. *Never Silent* is the inside story of what brought Staley to ACT UP and the explosive and sometimes painful years to follow—years filled with triumph, humiliation, joy, loss, and persistence. *Never Silent* is guaranteed to inspire the activist within all of us.

In 2015, marriage equality became legal all over the United States. Even the top three major American team sports accept out players. Despite these milestones, teenage bullying resulting in deaths because of suicide is being documented throughout the USA. Did these teenagers die in vain? Is that attraction a lifestyle or a real authentic life? *Adam and Steve: The Rules for Men Who Are Attracted to Other Men* is written as an easy-to-read, smart, sexy, and provocative road map about same-sex attraction along with this author's findings that this is a real culture. Primarily, this book will speak to three different audiences. One is a teen or preteen male attracted to the same sex who may be discovering his own sexuality or is being bullied because of it. The other is the adult male who may understand his sexuality but not his obligation to others who come behind him. The third group is the parent or family member who just wants to be supportive.

Some of the rising stars in the crime, suspense, and mystery genres reveal their talents in a spine-tingling anthology of short stories, each of which is introduced by such mentors as Tess Gerritsen, Jeffery Deaver, and Lee Child, accompanied by additional tales and essays by Laura Lippman, MJ Rose, Allison Brennan, Ken Bruen, and Duane Swierczynski. 25,000 first printing.
