Franklin Roosevelt's multipronged war against the private utility sector. . . . Riggs dives deep into the legislative, judicial, and public opinion battles over Roosevelt's energy initiatives, including the Tennessee Valley Authority, and argues that the hybrid public-private system that emerged in America was critical to the nation's "economic global supremacy" during and after WWII. . . . [T]his authoritative account is a valuable resource for students of America's energy policy." —Publishers Weekly

Includes bibliography and indexes / subject, personal author, corporate author, title, and media index.

After her nightmarish recovery from a serious car accident, Faye gets horrible news from her doctor, and it hits her hard like a rock: she can't bear children. In extreme shock, she breaks off her engagement, leaves her job and confines herself in her family home. One day, she meets her brother's best friend , and her soul makes a first step to healing.

While at the zoo Pat the Bunny pets the animals, from a wrinkly elephant to a feathery parrot. On board pages.

These photographs form part of a project to document the area between Manchester and Oldham, England in 1984-1986.
