European employment strategy. The European employment strategy (EES) dates back to 1997, when the EU Member States undertook to establish a set of common objectives and targets for employment policy. Its main aim is the creation of more and better jobs throughout the EU.

Here, the printed music is intended primarily for the teacher who will play through the exercises. The pupil plays from memory rather than from the book.

This book examines the European Strategy for Employment (EES) and its implementation through the Open Method of Coordination, exploring what the EES reveals about recent developments in EU social governance, and offering new insights and fresh perspectives into the operation of New Governance and its relationship with law and constitutionalism.

The author of the highly successful Classical Piano Method, Hans-Günter Heumann presents his latest addition to the series. Devised as a either a stand-alone volume, or as a supplement to the Classical Piano Method series, the Christmas Collection provides a range of Christmas carols and pieces in beautiful arrangements suited to the piano. Not only great fun to play, the arrangements will also help develop particular aspects of playing style and technique. Suitable for beginner pianists, the pieces in each book will help you to develop a range of skills and techniques, whilst also being fun to play. Pieces are presented progressively in much the same way as the Classical Piano Method. Book 1 and Book 2, providing the student with relevant material as their playing ability develops.

This book offers a comprehensive account of the status and dynamics of people participating in the small-scale fisheries (SSF) of Europe. It covers the situation of SSF in 25 coastal countries, thereby providing a portrait of almost every coastal country on the continent and analyzing the recent evolution of the sector. Small-scale fisheries are argued to be extremely important in Europe, as they provide employment and welfare, while increasing food sovereignty and maintaining communities in coastal areas. The recent worldwide focus on SSF derives from their environmental sustainability, which distinguishes many of their activities from those of large-scale fisheries. This book analyses the diversity of SSF and shows how fishing communities have sometimes developed successful governing models, demonstrating social and economic resilience. While the book emphasizes the strengths of SSF and the synergies that occur with other marine sectors, it also presents cases of failure, in which collective action and policy have actually contributed to a weakening of the sector. In this context, the book shows how governmental policies toward SSF vary considerably from country to country, in a way that is not entirely consistent with European policies.

The anthology La donna è mobile is the follow-up volume to the best-seller Eine kleine Nachtmusik with masterpieces of classical music (ED 20764). The latest volume in the Pianissimo series contains 50 of the best known opera melodies and 'favourites of the public' by Mozart, Rossini, Puccini, Verdi and others. The arrangements by Hans-Günter Heumann are easy to play, yet remain as close to the original as possible. A treasure trove for music lessons and playing for pleasure!
