Public Health Nursing:
Practicing Population-
Based Care explores the
scientific discipline of

Download Free Gerontological

public health and in particular public health nursing. This public health nursing perspective is applied throughout the chapters and demonstrates how public health nurses use various interventions based on best evidence in their practice, both to protect and enhance the health of the public.

This innovative text

Download Free Gerontological

includes key topics such as a discussion of historical evidence in coming to know the meaning of the terms used to describe public health nursing; the exploration of the use of technology in public health; social epidemiology as well as the traditional content on epidemiology; and an innovatively designed

framework. The
highlight of this text is
the focus on the 17
intervention strategies
identified in the
Population-Based Public
Health Nursing Practice
Intervention Wheel
including a discussion

of how these
interventions may be
applied to the three
levels of practice:
individual/family,
