Traces the life and career of the statesman, from his birth and early life in Missouri, to his days in Washington, D.C., as a senator and president, to his retirement.

In the bestselling tradition of Margaret Truman's biography Harry S. Truman, here are the 33rd U.S. President's fascinating theories and opinions on leadership and leaders, plus his picks for the best and worst presidents--all in his bluntly honest "give-em-hell" style.

Memoirs of the author; an Indian entrepreneur.

From award-winning and bestselling author Mindy Starns Clark comes the fast-paced and inspirational Million Dollar Mystery series. Now with new covers, the series has a dynamic, attractive look to appeal to even more readers. In book five of this popular series, when Callie learns that the man she loves is somehow connected to the man who killed her late husband, she confronts Tom. But he informs her that the National Security Agency prohibits him from telling her anything. Despite the secrecy surrounding Tom and the NSA, Callie decides to find out for herself exactly what is going on and how Tom may have been involved in her husband's death. Using her investigative skills, Callie throws herself into the most important mystery she has ever attempted to solve. Will their affection be able to stand the strain? And what was God's plan in bringing Tom and Callie together—marriage or merely answers for her questions about Bryan's death?

Sayings and quotes that people place on a desktop or post on an office wall often represent a personal credo, a statement of values, a guiding principle they intend to follow on a path to success. By placing the sign "The Buck Stops Here" on his desk, President Truman was stating categorically that he was responsible for all decisions made in the Oval Office. It was his constant reminder that no one else would the blame for the way the country was governed. Just as his desk sign came to express Truman's decisiveness and accountability, we have found many other examples, 77 to be exact, in which successful people have used words of wisdom as daily inspiration. The compelling collection of desk signs and office wall mottos in this book offer a reminder of the importance of individual vision and commitment as they display values, purpose and beliefs, aspirations and philosophy. It's a fascinating view into social, economic and political history, as well as the individual influences on a remarkable group of accomplished men and women. You'll love discovering the secrets of their success.

The Buck Stops Here consists of twenty-eight engrossing accounts of the most important United States presidential decisions in history. They range from the abolition of slavery with the Emancipation Proclamation to the acquisition of vast new territory with the Louisiana Purchase to the establishment of enduring institutions such as Medicare and America's national parks. These decisions encompass, too, such less-well-known measures as the G.I. Bill of Rights, which cleared the way for more than two million veterans to receive a college education, as well as acts that reverberated worldwide, including Theodore Roosevelt's construction of the Panama Canal, Harry S Truman's deployment of the atom bomb, Richard Nixon's visit to

China, and John F. Kennedy ' s pledge to put a man on the moon. Thomas J. Craughwell and Edwin Kiester Jr. ' s fascinating survey of twenty-eight crucial presidential decisions opens a door into the White House ' s corridors of power, giving readers an insider ' s view of how and why these decisions were made, while providing a yardstick with which we might, perhaps, gauge the success of current and future presidents. Each chapter places the reader squarely in the historical period while presenting the issues at stake, the interests at work, and the obstacles encountered. This book takes the reader into the minds of some of American history ' s greatest leaders and analyzes the enduring, often far-reaching, sometimes unforeseen consequences of these presidential decisions—in their own time, and right up to the present day. Some of these decisions were simply expedient; others required the courage of conviction in the face of intense opposition. Some were motivated by political loyalties, but many were evidently inspired by noble visions of a better nation, a fairer world. All were momentous, and helped define who we are and how we live now.

Before David Ponder ever visited Truman in *The Traveler's Gift*, Michael Holder began his journey as the last young traveler to receive the unique gifts of wisdom offered by historical greats. In his senior year of high school, Michael hits rock bottom. Having been caught in the wrong place at the wrong time, he has now been suspended from the track team and lost his college scholarship. His coach is angry, his parents are disappointed, and he's diving headfirst into a downward spiral. Facing the bleak future ahead, he sees no way out and wonders if life is really worth living. But with some divine intervention, he's given a second chance when he's offered a once-in-a-lifetime journey of discovery. Rewritten to engage the minds of teens and tweens, *The Young Traveler's Gift* is sure to encourage and enlighten young men and women as they prepare to face the journeys that lie ahead.

“ Never has a President of the United States, or any head of state for that matter, been so totally revealed, so completely documented ” (Robert A. Arthur). *Plain Speaking* is the bestselling book based on conversations between Merle Miller and the thirty-third President of the United States, Harry S. Truman. From these interviews, as well as others who knew him over the years, Miller transcribes Truman ' s feisty takes on everything from his personal life, military service, and political career to the challenges he faced in taking the office during the final days of World War II and the beginning of the Cold War. Using a series of taped discussions from 1962 that never aired on television, *Plain Speaking* takes an opportunity to deliver exactly how Mr. Truman felt about the presidency, and his thoughts in his later years on his accomplishments and the legacy he left behind.

“ The values of *Plain Speaking*, on the whole, are those of the highest form of political communication: the bull session. As with all good bull sessions, what is said here ranges widely in quality and seriousness, as one should expect when dealing with a complex man. ” —The New York Times “ *Plain Speaking* has a nostalgic, downhome quality of good friends gossiping over the back fence, or saying their piece of a twilight eve rocking on the porch—and if those fellas back in Washington have their secret machines running, well, they won ' t like what they overhear. Not one little bit. ” —Kirkus Reviews
